

HSM Pure 630 - 1.9 x 15 mm

HSM Pure 630 document shredder

Solid and reliable document shredder with a large waste bin for small workgroups. The powerful motor with overload protection shreds documents, loyalty cards and credit cards in continuous operation safely and reliably.

Technical data

Order number:	2362811	Voltage / Frequency:	230 V / 50 Hz
EAN	4026631054966	Intake width:	310 mm
Cutting type:	particle cut	Container volume / collecting:	130 l
Cutting width:	1,9 mm	Noise level (idle operation):	ca. 55 dB(A)
Particle length:	15 mm	Width x Depth x Height:	538 x 487 x 889 mm
Security level (DIN 66399):	E-4 F-2 P-5 T-5	Weight:	47,2 kg
Cutting capacity in sheets 80g/m²:	14 - 15	Shredder material:	Paper, Staples and paper clips, Credit card
Power consumption:	590 W		

Product information

The induction-hardened, solid steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

The document shredder has a sturdy cabinet with a wooden floor and an extra-large door opening angle which facilitates removing and replacing the collecting bag.

The full bin is indicated via the display and the machine switches off automatically.

For continuous operation

The powerful motor ensures a high cutting capacity and reliable continuous operation.

Energy-saving

The stand-by feature ensures a high degree of energy saving when the shredder is not in use.

Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

Automatic start/stop

The operation is very easy: the device starts automatically when fed with paper and automatically stops after shredding is complete.

Mobile on castors

For convenience, there are castors on the document shredder so it is easy to move around.

Lifetime warranty on solid steel cutting rollers at security levels P-2 to P-5 (according to ISO/IEC 21964).
