The HSM Innovation: IntelligentDrive

Intuitive operation and multi-language menu selection via the high resolution 4.3" touch display.

- The innovative drive and operating concept IntelligentDrive offers an increase in performance of up to 40 %.
- Intuitive operation and multi-language menu selection via the high resolution 4.3" touch display. Relevant information such as operating modes and status reports are displayed. Consumable material, machine and contact details can be called up.
- The stand-by and automatic switch-off features ensure a high degree of energy saving when the shredder is not in use.
- Via the intelligent paper jam correction feature, the system recognises automatically and quickly whether too much paper has been fed in. The machine goes into reverse or increases the power temporarily and pulls the paper in.

The IntelligentDrive Operating Modes:

Silent for particularly quiet operation.

Standard with an optimum throughput rate and low noise level.

Performance for maximum cutting and throughput performance.
