

***HSM SECURIO AF:  
The document shredders  
with automatic paper feed***

Great Products, Great People.

**HSM**<sup>®</sup>

**We're giving you more time.**

**HSM SECURIO AF-line: Innovative, convenient and time-saving.**  
The autofeed paper shredders of the AF-line with Nanogrip-Technology combine functionality and ease of use. For the reliable and easy shredding of stacks of paper and individual sheets of paper.

**Document shredder HSM SECURIO AF150**

## **Destroy stacks of paper effortlessly at your desk – and save time!**

The HSM SECURIO AF150 offers proven SECURIO quality with the innovative autofeed function: it conveniently and securely shreds stacks of paper of up to 150 sheets and single sheets of paper. Simply insert the stack of paper – and let the shredder work!

*Lock-and-Go function with up to 300 sheets of paper*

*Mobile on castors*

*Autofeed paper intake with up to 150 sheets*

## **Document shredder HSM SECURIO AF300** **Automatically shred – with the Lock-and-Go function!**

The HSM SECURIO AF300 with autofeed paper intake convinces in terms of security through its lockable stack: inserted paper stacks are therefore protected against unauthorised access! The document shredder in the best HSM SECURIO quality shreds stacks of paper with up to 300 sheets and can - at the same time - shred single sheets of paper effortlessly and in a time-saving manner.

It is possible to secure the paper stack inserted into the magazine against unauthorised access by using the **Lock-and-Go function**. To this end, an individual security code is saved on a USB medium per stack processing. After starting, the shredding process can only be interrupted by the owner of the USB medium.

**More data protection through the Lock-and-Go function**

## HSM Nanogrip-Technology

Document shredder HSM SECURIO AF500

### High level of security – large time savings – maximum comfort!

The HSM SECURIO AF500 is a security station for entire working groups with its autofeed volume of 500 sheets. The lockable stack with a Lock-and-Go function very securely protects the inserted paper stack against unauthorised access and effortlessly shreds up to 500 sheets.

*Lock-and-Go function with up to 500 sheets of paper*

*Parallel operation: Autofeed and manual feed of paper possible*

*Multifunction element for intuitive operation*

**Nanogrip for reliable sheet intake:** The document shredder with autofeed has a specially developed intake and transport rollers which use **Nanogrip-Technology**. This enables sheet after sheet to be pulled in securely from the stack of paper.

The specially hardened cutting rollers made from solid steel are **impervious** to staples and paper clips and guarantee a **long service life**.

During the autofeed stack processing, it is possible to **manually feed paper and CDs** at the same time.

### The benefits of the document shredders HSM SECURIO AF with automatic paper feed:

- „Made in Germany“ quality
- Solid steel cutting rollers
- Time-saving autofeed document shredding
- For continuous operation
- Nanogrip-Technology for reliable sheet intake
- Parallel operation: Autofeed and manual feed of paper possible
- Energy-saving thanks to EcoSmart
- Anti-paper jam function
- Quiet operation
- Automatic start/stop
- Effortless emptying
- Level indicator through inspection window
- Mobile on castors
